## [Concept]

- Fully extracts unnecessary elements from your body using "bio-carbon", which is more absorbent than active carbon.
- Dissolves indigestible clogging and grim using the effects of 5 types of active enzymes: "amylase", "protease", "lipase", "cellulase" and "lactase".

## [Main Base Ingredients]

| Names of Base Ingredients                        | Content(mg) | Blending Ratio(%) | Notes                 |
|--|-------------|-------------------|-----------------------|
| Plant carbon pigment (bio-carbon)                | 75          | 5.0000            |                       |
| Powdered fermented grain extract (active enzyme) | 200         | 13.3333           |                       |
| Sterilized Bifidobacterium (BR-108)              | 10          | 0.6667            | 1 billion per package |
| Other excipient                                  | 1,215       | 81.0000           |                       |
|  |             |                   |                       |
|  |             |                   |                       |
|  |             |                   |                       |
|  |             |                   |                       |
|  |             |                   |                       |
|  |             |                   |                       |
|  |             |                   |                       |
| Total  | 1,500       | 100.0000          |                       |

- People who love oily food
- People worried about a lack of exercise
- People who always feel heavy in the stomach
- People who want to remake their body in a healthy way

## [Nutritional Components] per 1 packages (1500mg)

| Component Name             | Content   |
|----------------------------|-----------|
| Calories                   | 5.76 kcal |
| Protein                    | 0.02 g    |
| Fat                        | 0.00 g    |
| Carbohydrates              | 1.41 g    |
| Sodium chloride equivalent | 0.0002 g  |

## [How to Take]

As a guideline, take one per day as-is as a health supplement.

## [Allergens Used]

Wheat

## [Alcohol Classification]

Not Used

## [Usage Precautions]

- In rare cases, the tablets do not agree with some people. If you feel unwell after taking, either reduce the amount or stop taking the tablets.
- If you are taking medication or receiving out-patient treatment, consult with your physician before using.
- Use as soon as possible after opening.
- Store out of reach of small children.
- Flavor and color may vary slightly by manufacturing lot, but this is not a quality issue.
- Please be careful when swallowing granules as they may cause choking.
