

Seeking ageless beauty

Rather than using bottled hydrogen water, which sheds from the body easily, We have developed Neo-Hydride Powder right down to the nano-level as a more efficient way to replenish hydrogen.

It is easy to use, yet it enables prolonged generation of hydrogen and long-lasting reduction power.

Manufactured
in Japan at a
GMP-
certified factory

Generates
hydrogen for
30 hours
or more

*Tested at 1g/210ml
(according to
Kyoei Denshi Laboratory)

Reducing
power lasts for
60 hours
or more

*Tested at 1g/150ml of each
0.67% product
(according to the manufacturer)

Pinnacle of hydrogen supplements NEO H2 Hydrogen Capsules

◎Content: 17.4 g (290 mg per capsule)

◎60 capsules/approx.30 days worth
(2 capsules per day)

Manufacturer's suggested price ¥12,000 (excluding tax)

Lower molecular
weight than
any antioxidant

Approaching
sirtuin genes

Can remove
all four types of
active oxygen

Use regardless
of water or oil
solubility

Hydrogen
itself is not
oxidized

Recommended for the following people!

- Those who don't want to give in to aging
- Those who want to stay attractive
- Those who don't want to be outdone by the younger generation
- Those who want to maintain same levels of performance
